To Whom It May Concern:

On February 3, of this year we had the pleasure of having Juanita and Nayo Ulloa perform for our student body with their band Passion. It was a great success; being warmly received by both the faculty and students alike.

Their services were provided to us on a last minute notice and they handled the circumstances in a most gracious and professional manner.

The performance was terrific. The band was upbeat and played an eclectic assortment of Latino styles. Not only was it entertaining, but it was educational as well. Juanita did an excellent job of guiding the students attention to the featured elements of the various styles which were performed.

I would recommend Passion as a positive, entertaining and educational choice for a school assembly. Personally, my only complaints are that I wish it had been louder and longer.

Sincerely,

Peyton Fatherree
